BEAR RIVER MIGRATORY BIRD  
REFUGE VISITOR CENTER ACT

Mr. HANSEN. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 3322) to authorize the Secretary of the Interior to construct an education and administrative center at the

Bear River Migratory Bird Refuge in Box Elder County, Utah.

The Clerk read as follows:

H.R. 3322

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

## SECTION 1. SHORT TITLE.

This Act may be cited as the "Bear River Migratory Bird Refuge Visitor Center Act".

## SEC. 2. FINDINGS.

Congress finds the following:

(1) The Bear River marshes have been a historical waterfowl oasis and an important inland waterfowl flyway for thousands of years.

(2) Congress created the Bear River Migratory Bird Refuge as one of the first National Wildlife Refuges, for the purpose of protecting waterfowl habitat and migratory birds, educating the public regarding, and enhancing public appreciation of, waterfowl habitat and migratory birds.

(3) The Bear River Migratory Bird Refuge was virtually destroyed by the devastating floods that occurred between 1983 and 1985.

(4) Refuge employees, aided by volunteers, have taken valiant actions to rebuild the Refuge by restoring habitat, increasing its attractiveness to waterfowl, reducing waterfowl botulism, and providing recreational and educational opportunities to the public.

(5) The Bear River Migratory Bird Refuge lacks a functional education and administrative center.

(6) The creation of such a facility would significantly enhance public appreciation of waterfowl and the need to preserve waterfowl habitat.

(7) Congress has taken significant steps to provide funding for the construction of an education and administrative center.

## SEC. 3. DEFINITIONS.

For the purpose of this Act, the following definitions apply:

(1) SECRETARY.—The term "Secretary" means the Secretary of the Interior.

(2) REFUGE.—The term "Refuge" means the Bear River Migratory Bird Refuge in Box Elder County, Utah.

(3) EDUCATION AND ADMINISTRATIVE CENTER.—The term "Education and Administrative Center" means the facility identified in the Environmental Assessment dated 1991 and entitled "Restoration and Expansion of the Bear River Migratory Bird Refuge".

SEC. 4. AUTHORIZATION OF CONSTRUCTION OF  
THE EDUCATION CENTER.

(a) CONSTRUCTION.—The Secretary shall construct the Education and Administrative Center at the Refuge for the purposes of providing for the interpretation of resources of the Refuge for the education and benefit of the public, the advancement of research, protection, and health of waterfowl habitat, and for the administration of the Bear River Migratory Bird Refuge.

(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated \$11,000,000 to carry out subsection (a).

## SEC. 5. MATCHING CONTRIBUTIONS REQUIREMENTS.

(a) DONATION OF FUNDS AND SERVICES.—The Secretary may accept donations of funds and services from nonprofit organizations, State and local governments, and private citizens for the construction of the Education and Administrative Center.

(b) MATCHING FUNDS.—The Secretary may not require matching funds or contributions in kind with a combined total value of more than \$1,500,000 for construction of the Education and Administrative Center.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Utah (Mr. HANSEN) and the gentleman from the Virgin Islands (Mrs. CHRISTENSEN) each will control 20 minutes.

The Chair recognizes the gentleman from Utah (Mr. HANSEN).

Mr. HANSEN. Mr. Speaker, I yield myself such time as I may consume.

The Bear River marshes in the northern portion of the Great Salt Lake have been a waterfowl oasis and an important inland waterfowl flyway for centuries, and I am pleased that the House is taking action to improve research opportunities and educational experiences at the refuge.

To give a little history of the Bear River marshes, in 1843, explorer John C. Fremont described the area by saying "The waterfowl made a noise like thunder, as the whole scene was animated with waterfowl." Later, settlers moved in and began draining the marshes so slowly that no one noticed until 1910 when botulism killed over 2 million birds and another deadly outbreak in 1920 killed 1.5 million birds. In 1928, at the urging of many individuals and organizations, Congress turned this unique area into a National Wildlife Refuge. The refuge soon became a popular attraction for various groups from sportsmen and school groups to wildlife photographers.

Then came Utah's 100-year floods of 1983 and 1985 when there was a man-made river running down State Street in Salt Lake City and Glen Canyon Dam was spilling over. Those wet years also caused the rising Great Salt Lake to breach the refuge dikes and saltwater contaminated wildlife habitat, destroyed marsh vegetation and destroyed the newly constructed visitors and administrative facilities.

In 1989, the water finally receded, and since that time refuge employees and scores of volunteers have worked tirelessly cleaning debris, moving 1 million cubic yards of earth, restoring 47 water control structures and 47 miles of dikes, and purchasing easements to restore the habitat to its previous condition.

□ 1130

Mr. Speaker, thanks to their good efforts, the refuge once again attracts hundreds of waterfowl and an increasing number of human visitors. There are 221 species of birds that have been recorded at the refuge, and 206 of those constantly come back each year. However, the refuge still lacks a functional education and administrative center which denies the public a rich educational opportunity.

I have worked with my colleagues on the Committee on Appropriations and with the Senate Committee on Appropriations to provide funding for the reconstruction of these facilities. Local communities, the Friends of Bear River
